### Guidance Notes for the Completion of this Application

1. Please insert the principal place of business for the specialised operation.
2. If there is insufficient space, please add a separate sheet dated and signed by the Accountable Manager.
3. If the aircraft is registered with an AOC holder, specify the AOC number and name of AOC holder if different.
4. Specify the type of operation, e.g., agriculture, construction, photography, surveying, observation and patrol, aerial advertisement, inspection and validation flights, calibration flights.
5. Insert the name of the organisation or person, address and approval reference (*as applicable*).
6. Attach copies of approvals already held.
7. Provide specific references to the regulations that you are requesting exemption or permission from and what level of easement you are requesting.
